DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 7, 9, 12, 15, 18 and 26 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by U.S. Patent No. 5,233,436 to Oksman et al.

As per claims 1, 12, 18 and 26, Oksman et al. disclose the limitations of these claims (see at least the abstract and fig. 1).

As per claim 7, Oksman et al. disclose a modified display characteristic comprising a displayed image shape (col. 4, lines 52-59).

As per claims 9 and 15, Oksman et al. disclose an optical filter being a screen placed on the display window (col. 3, lines 35-37 and fig. 1).

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Art Unit: 2132

Claims 10 and 16 are rejected under 35 U.S.C. 103(a) as being unpatentable over Oksman et al. in view of the examiner taking official notice.

As per claims 10 and 16, Oksman et al. do not disclose this feature. The examiner, however, takes official notice that it is a well known feature to use a password in this manner.

Allowable Subject Matter

Claims 22-27 are allowed.

Claims 2-6, 8, 11, 13, 14, 17, 19-21 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
